and)
KOOTENAI COUNTY COEUR)
D'ALENE AIRPORT)
For a New Aeronautical Advisory)
Station at Coeur d'Alene Airport,)
Hayden, Idaho)

WT DOCKET NO. 02-179

AFFIDAVIT OF MICHAEL GRAZIANI IN
SUPPORT OF MOTION FOR SUMMARY
DECISION

STATE OF IDAHO)
ss.
COUNTY OF KOOTENAI)

Michael Graziani, being first duly sworn, deposes and says:

I am employed as Line Manager for Resort Aviation Services, Inc.
with responsibilities that include outside field supervision of the company
operations on the Coeur d'Alene Airport.

I have been informed that Kootenai County Coeur d'Alene Airport
has proposed, as its sought for alternative to the Unicorn now being
operated by Resort Aviation, installation of a single Unicorn transmitter

AFFIDAVIT OF MICHAEL GRAZIANI

No. of Copies rec'd. 0+6
List ABOVE

to which all field based operators and any others who desired to use the Unicorn could be connected.

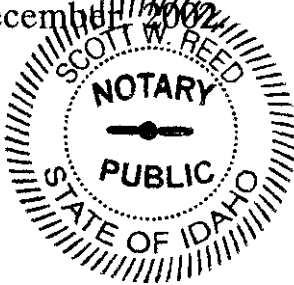

Attorney Scott W. Reed has informed me that Federal Communications Commission technician Kim Kipplinger in a conference telephone call with both attorneys advised that the required method for connection for potential users of a single Unicorn transmitter would be by wire line control.

Wire line control would require underground burial of the wire line from the users to the single transmitter. Henkels & McCoy Construction, a reliable local contracting firm, has informed me that the cost of installation of underground cable for the Unicorn from Resort Aviation south past the Coeur d'Alene office and then west across the runways to Southfield Fuel, Inc. would be approximately \$26,000 not including permits or easements.

Based on my personal knowledge and experience, any wire line control at an airport must be installed underground. Underground installation of cables is costly.

Michael Aziani

SUBSCRIBED AND SWORN to before me this 19th day of
December 2002
